ABOUT ME

I am Amar Chavda, a former accountant in Sydney who shifted to India and started the full time journey as a video editor at Beverage Trade Network. In 2025, I'm a Senior video developer at NetCom Learning, blending my creativity and learning expertise to build impactful training experiences. In 2026 I am working as a video editor at Marshmallow advertising.

WORK EXPERIENCE

(2020 - 2024)

Accountant / Freelancing (Video)

Platinum Accounting

Worked as an accountant and engaged in freelance video editing from 2020 to 2024, specializing in real estate projects and cricket-themed reels.

(2024 - 2025)

Video Editor

Beverage Trade Network

Worked with Beverage Trade Network producing podcasts and creating engaging reels content, focusing on beverage industry insights and brand-building themes.

(2025 - 2026)

Video developer

Netcom Learning

Worked as a video developer and actively building AI-powered workflows to enhance productivity and creativity in video editing processes.

(2026 - Current)

Marshmallow Advertising PVT. LTD

Working as video editor and brands are Arvind, Redren solar, Roofsol Solar, Earhika, Vista Cables,. Workflow is footages or go AI with footages and make the creative with motion in adobe.

EDUCATION

(2016 - 2019)

Master of Professional Accounting

CQU University, Sydney, Australia

Finance Accouting, Taxation, Law

Workflow:

I lead a team of 10, training and reviewing their daily work while personally managing the full course production pipeline—from scriptwriting to video creation—using Synthesia and adobe after effects and premiere pro. Over the past eight months, I've developed more than 50 Microsoft courses leveraging AI workflows. I also have experience with Instagram growth where we went 0 to 25k in 8 months with a client. My portfolio includes reels, long-form videos and development of AI courses from scratch.
